

DOCKERS

Explore the last remains of London's docks and wharfs with the people who used to live and work along the river

Take a two hour self-guided audio walk along the most dramatic riverside path in London. The journey is packed full of interviews with dockers who worked in the world's busiest port.

CDs, maps and personal stereos are available from Greenwich Tourist Information Centre.

After experiencing a Memoryscape, you will never see the River Thames in the same way again.
